MOVING FORWARD INTO 2023

Behold, I am going to do something new, Now it will spring up; Will you not be aware of it? Is. 43:19

Our theme for this school year has been "Moving Forward." This was ideal since we celebrated our 30th anniversary last school year and we discovered that the number 30 in scripture represented beginning and devotion. For the past 30 years, MVCA has been devoted to providing quality Christ-centered education to thousands of families. Moving Forward, we are committed to continuing our mission and ministry with the same devotion, commitment, and compassion.

With the beginning of a new year, there is always something new on the horizon. In the above passage of scripture from the book of Isaiah, God is telling us that He is going to do something new. We don't know what it will be, but it will be good, because every good thing comes from above, and it will happen. But God asks us if our eyes are going to be open to seeing it? That is the thing about moving forward, your eyes have to be open, and we have to be moving and aware for the things happening around us. There is always something better waiting for us, we just have to look forward, and stop dwelling on the past, What we need to remember is that what happened yesterday is done and gone and we can't do anything about it, we live in the present, and we have hope for the future. The apostle Paul shared this with the Philippian Church, but it is also true for us today.

*"Brothers and sisters, I do not regard myself as having taken hold of it yet; but one thing I do: forgetting what lies behind and reaching **forward** to what lies ahead." Phil. 3:13*

Moving forward is an active process. We do not wait for the right moment, we take the moments that God presents and we use them for His glory. The apostles were never called to wait once the Holy Spirit came upon them. The Holy Spirit is always moving forward, and MVCA will continue to move forward, producing well-adjusted, morally sound individuals equipped to transform society.

As we reflect on the past year, we see how we have been moving forward with the renovations of the kitchen and the boys restroom. We see the five modular units moving forward to where they will become a pod of additional classrooms. And, we look to the future with great hope and anticipation for a new school building that will house all K-12 students, and allow for future growth.

We invite you to "Move Forward" with us, and ask that you continue to share your MVCA Difference story with others who you feel would benefit from a Christ-centered, Biblically based education.
