### SCHOOL NEWS

#### MVCA WELCOMES NEW ADMINISTRATOR

After 30 years of searching, the MVCA school board, comprised of the elders and evangelists of the Church of Christ at Mountain View, have reached a decision as to who should be the administrator for MVCA.

"It has been years of sleepless nights trying to find just the right person for this job," according to Dave Right, Lead Searcher. "30 years of Dr. Hardman's positive attitude, leadership, love and compassion for the students, staff and parents, and tireless work ethic to see that MVCA continues to be the beacon of light for this community when it comes to Christian education has finally come to an end. We are pleased to welcome Miss Agatha Trunchbull to the MVCA family."

Trunchbull comes to MVCA from her last position at **Crunchem Hall Elementary School**. When asked how she felt about children she said, "I cannot for the life of me understand why small children take so long to grow up. I think they do it deliberately, just to annoy me."

Miss Trunchbull will take the reigns beginning with the 2022-2023 school session.

Dr. Hardman was unavailable for comment.

#### MVCA SGO TO BEGIN HEARINGS

Due to the back log of hearings on the national stage, the MVCA SGO will assist with some of the less important hearings that are still waiting to come before certain Senate committees. "We are honored to assist our government, and look forward to this opportunity." SGO members will still be responsible for class work that they may miss due to the hearings they will be conducting.

#### MVCA TO RECEIVE "MONUMENTAL" DONATION

MVCA will not be receiving the 4 modular units as was earlier reported, but instead the US Capital building will be relocated to the MVCA campus for students to move into beginning September 6, 2022. This may be more space than we need right now, but we can use empty rooms for storage.

# CONQUEROR SPORTS

If you have read through the ECHO to this point then you have hopefully had a good laugh. The stories that preceded this message were, of course, not at all true. Dr. Hardman is not leaving MVCA now or anytime in the near future. We are still being blessed by the four modular units, which we are praying will arrive very soon. And as far as we know the SGO will only be doing school activities. The three people pictured on the Left lower corner are very special though, as they do share this day as the day that they were welcomed into this world by their parents.

Now, Click the Link at the bottom of this page to get the actual April 1, 2022 ECHO.
